Media and Communication Diploma
Glemmen High School
Bachelor of Design(Information Environment)
(the University of Queensland)

SKILLS

Data-languages

Adobe

WORK EXPERIENCE

Student Ambassador

The University of Queensland 2022-ongoing

As a Student Ambassador, I currently represent my university and promote higher education to prospective students. I offer campus tours and information sessions, and provide insights into student life on campus. I also collaborate with other ambassadors and university officials to assist with recruitment events and promote the university and its programs.

Operator

Nortura SA 2020 – 2022
As an operator at Nortura SA, I operated and maintained production equipment for meat processing. I monitored production for efficiency, safety, and quality control, while maintaining a clean and hygienic work environment. I troubleshooted production issues and collaborated with various team members, including supervisors, maintenance staff, and quality control personnel. My experience required attention to detail, technical skills, and teamwork.

Store Employee

Kiwi Minipris 2020-2022

As a store employee at KIWI Minipris, I operated the cash register, restocked shelves, and provided excellent customer service. I maintained store cleanliness, followed safety protocols, and collaborated with my team members to ensure the store ran smoothly. My experience required attention to detail, customer service skills, and the ability to work well as part of a team.

Election Worker

General Election 2019

I was responsible for ensuring the integrity and fairness of the voting process. This involved a number of tasks, including verifying voter registration and eligibility, checking voter ID, and answering any questions or concerns that voters had. Additionally, I worked closely with my fellow election workers and supervisors to ensure that the voting process ran smoothly and efficiently. Overall, my experience as an election worker required excellent communication skills, attention to detail, and a commitment to upholding the democratic process.

HOBBIES

Beach-Activities, Digital Art, Book-reading, Dance
